FOUNDATIONS

Thirty cents (\$.30) per square inch of surface area shall be charged for foundations. Foundations are required to be two (2) inches larger than the outside dimensions of the marker, creating a two inch “lip” around the marker to be installed. This requirement is established to lessen the cost of cemetery lawn maintenance. Example: A marker base size 12” x 24” requires a foundation of 16” x 28” totaling 448 square inches times \$.30 for a total foundation cost of \$134.40.

ADDITIONAL WORK REQUESTED

Any and all work requested by a lot owner within said cemetery which work is not otherwise specified in a rate schedule shall be charged to said lot owner at the rate of \$20.00 per hour with a minimum charge of \$20.00, plus actual cost of any needed services required by a sub-contractor, if any. No such work shall be performed except at the discretion of the cemetery maintenance staff supervisor.
